To whom it may concern

**Testimonial – Beluga Sport & Entertainment**

Grandwest Casino and Entertainment World has made use of Beluga as its exclusive hospitality agent for a number of shows including the likes of:

Brian Adams, Sam Smith, UB40, James Blunt and John Legend at our Grand Arena concert venue.

They were responsible for the sales of the hospitality packages, the construction and design of the VIP hospitality packages, marketing and the management of those events. They also managed the event production of the hospitality service offering which incorporated the catering, furniture, seating, staff and beverages. Beluga have only ever been professional and above reproach in their dealings with Grandwest Casino and provided guests with a premium hospitality product.

We would recommend them to anyone as a hospitality partner.

Kind Regards
