Testimonial – Beluga Sport & Entertainment

This serves to confirm that Showtime Management has made use of Beluga as its exclusive commercial hospitality agent for shows including the likes of Eminem and Monster Jam at The Cape Town Stadium.

Their role included the design of the VIP suite hospitality packages, sales and marketing thereof and production of the hospitality service offering which incorporated the management of the catering, furniture, staff and beverages. Beluga have always acted professionally, excelled in all of the above areas and consistently added value to our events.

We have enjoyed a long and mutually beneficial relationship with Beluga and we would not hesitate to recommend them as commercial hospitality agents for your venue or event.

Yours sincerely

Tony Feldman
