I know it wasn't easy to give up a night in the comfort of your own bed – but you did it, and we're immensely grateful.

On behalf of everyone at BMW Constantia and U-Turn Homeless Ministries, I'd like to thank you for demonstrating your courage and compassion.

By joining us for the 2026 BMW Constantia U-Turn Homeless Ministries Night on the Street Sleep Out, you have helped to raise awareness of this pressing issue. Your very generous contribution went a long way in helping us to not only meet but, to surpass our goal with a final number of **R1 713 620** recorded!

By giving up a night at home, you've made a difference – and made it possible for U-Turn Homeless Ministries to create meaningful pathways out of homelessness for more people. Pathways that lead to employment, housing and the turning around of lives.

I am honoured to have slept alongside you braving the pouring rain this year, and I can truly say that your example was inspiring to the entire BMW Constantia team.

Sincere thanks.
